

Writing Section (45 minutes / level placement) (PLANNING PAGE)

You have 45 minutes to write an essay agreeing or disagreeing with the following statement:

Canada's largest natural resource, its woodlands, is in danger of being exhausted. Although part of the fault is due to natural causes, the main culprits are the forest industry itself and the government.

Use the information from the readings and the lecture to help you organize and plan your essay.

Please write at least 1 page.

DO NOT COPY DIRECTLY FROM THE READING ARTICLES. If you wish to use one or two sentences, please use quotation marks ("...").

You are advised to spend 15 minutes planning your essay and 30 minutes writing. (Space, approximately twenty lines, is provided on the actual test.)
